## Will Race Across the Atlantic in Open Boats

Chicago, February 10.—Racing across  
the Atlantic in twenty-foot open sail boats  
is a pastime that is being planned by Cap-  
tain Dean S. Webster of Chicago and Cap-  
tain Howard Blackburn of Gloucester,  
Mass. The latter threw down the gauntlet  
in challenge to the world, and Cap-  
tain Webster immediately accepted the  
challenge with the intention of landing a win-  
ner. The possibility that such a small  
craft may be tossed about like chips on the  
huge billows of a midocean storm or  
injured in the whirlpool of a hurricane  
does not disturb him in the least. He will  
make the trip in an invention of his own  
which he believes can weather the most  
sweep gale.

## SEWELL FOR SHIP SUBSIDY

Washington, February 14.—Hon. Har-  
old Sewell is in Washington this week,  
renewing acquaintances of past years. He  
is thoroughly at home, having spent much  
time first and last at the Capitol City. A  
member of the swell Metropolitan Club,  
he finds many pleasant companions when-  
ever he chooses to come back here.  
Mr. Sewell is trying to push the ship  
subsidy bill along to passage and is using  
his influence toward that end. He talked  
over the prospects of the bill with nume-  
rous legislators here and told them of the  
sentiment he had found in the South, from  
which section he had just returned, in  
favor of such legislation.
